

## Projects - welcome

### Products used

Tall white card

Pattern paper - Heidi's garden, Vintage collection

Rub on stickers – Little Miss ladybug collection.

Designer chipboards

### Step one

Begin with a tall white card and round the bottom corners.

### Step two

Add a rub-on 'welcome to the world little one' sentiment along the bottom edge of the card, making sure it is centered.

### Step three

Cut four 2" x 2" squares from pattern paper – choose two pink and two blue coordinating papers from the Heidi's garden range. Position

them across the card randomly and machine stitch each in place as you go.

### Step four

Finally to finish off, add a little chipboard elephant to the right side above the sentiment.

### Note

Cover the inside cover of the card with a rectangle of pattern paper to hide the machine stitching.
